

April 2021 Newsletter

Dear La Roca Families,

Spring soccer season is underway despite some days that feel more like winter than spring! We hope your child's team is off to a great start!

La Roca recently adopted a Code of Conduct Policy that emphasizes good sportsmanship when any member of the La Roca Family represents La Roca Futbol Club whether on the field or on the sidelines. We hope your team manager has shared this policy with your team, and we ask that you review it with your player and explain that the La Roca Way is about being respectful and professional to *everyone*.

MASKS REQUIRED THROUGH SPRING SEASON

Utah Youth Soccer Association extended its mask mandate for all coaches and players through the 2021 Spring Season.

UYSA explained that it will adopt the same guidelines as the state's K-12 schools in extending the mask mandate for the following reasons:

- Not all adults, specifically coaches, assistant coaches, and team managers, have been vaccinated.
- Vaccines have not been approved for people younger than 16 yrs old.
- Children can get very sick from COVID 19.
- Players can get and transmit the disease without feeling sick.
- The mask mandate is still in effect for group gatherings of 50 or more where social distancing isn't possible.

Please explain to your players that masks are still required for the duration of the Spring season whenever they are not playing or training. Players must have their own mask; La Roca will not supply masks. Coaches will continue to wear masks at all times. Spectators are expected to wear masks on the sidelines and distance themselves from others who are not from their household.

Players who train or play inside La Roca Park must still wear a mask, and temperatures will be taken upon entry to the building.

Thank you for your support as we continue to follow safe, responsible practices on and off the soccer field.
